## Now Comes the Latest Word of Jeffery Economy and Luxury

**W**E announce herewith the arrival of Jeffery Demountable Sedan bodies.

Here is the utmost in comfort, in luxury and in economy in winter bodies for motor cars.

Now a perfect closed car is available to Jeffery owners at so little additional expense that all who wish may enjoy this one-time luxury.

We shall build this season no closed body cars other than the Jeffery Demountable type, except on special order, for we consider that the new Jeffery Demountable Sedan supplies a winter body as perfect in appearance, in finish, in its appointments and in service as any old type Sedan ever built, no matter what the price.

Do not for one minute compare the Jeffery Demountable Sedan with "winter tops," etc. It is in no sense of the word a makeshift.

Look, please, at the illustration above of the new Jeffery Seven Passenger "Four," with the Demountable Sedan.

This Demountable Sedan, which replaces the summer top, was designed when the car was designed; it is built in the Jeffery factory by the same men who built the body of the car—every line, every curve of the beautiful Jeffery Chesterfield body is followed.

Its appointments, including the electric dome light, leave nothing to be desired.

There is no need of laying your car up in the winter or foregoing the use of your car at any time because of the weather. The Jeffery Demountable Sedan has solved the problem of winter driving in the utmost comfort—and solved it as all problems are solved with Jeffery—**right**. And remember, please, that the Demountable Sedan is but a fitting climax to a car of demonstrated quality.

You take no chance in the purchase of a Jeffery.
